(Springs, fuses, batteries, bulbs are extra. We ask that you be present when we repair your machine during our house call. We will let you know if any major repairs and/or parts are needed before any work is performed. These prices are subject to change without notice as fuel costs change. Call us before taking any slot machine to us. If you decide to ship your slot machine to us, we are not responsible for any damages incurred by you for packing, loading, shipping/transporting your slot machine to/from us. Slot machines are heavy and have many fragile components. We ask that you have sufficient help to properly pack, load and ship your slot machine to us. The above prices do not include slot machine stands, slot glass or other casino-related items. **Blue numerals** are US Dollars.) [Casinos, auction houses, museums: your fee schedule is in each respective text box above. For casinos, auction houses/museums: we **DO NOT** charge fees to research, locate and find the items needed. You have the final say in the purchase of any parts we recommend. Our fees commence when we are at your location and making the needed restorations, repairs and reconditioning of the machine(s).]
