Description of Problem:			
<p>Be sure to describe the machine as much as you can: type of machine, manufacturer, age (or date of manufacture - usually printed on a metal tag on the lower outside right of the machine, below the handle), serial number, model number, denomination, number of coins played, and highest jackpot. Please let us know if you have the key. Is the machine jammed? Is the handle stuck? Are fuses blown? Is the escalator not moving? Is it not paying off? Is the video screen showing an error message or is garbled? Is the electromechanical machine in a TILT condition? What error messages are showing on the IGT machine? Include photos of the interior and exterior.</p>
