Slot Machine Owner

Thomas R. Baker - President/Owner - California Antique Slots

Other Information

We sincerely appreciate having you as our client!

(Some slot machines are simply not fixable or repairable. This must be understood by the owner/slot enthusiast. Mechanical, electromechanical or electronic slot machines have many different interrelated parts that fail occasionally. A house call narrows down the problem(s) that a machine experiences. We will try to find the problem(s). We will try to SOLVE the problem(s). We will explain the problem(s) thoroughly to you. In other words, we will do our best.)
